RELIEF AT LAST.

IT IS PROVEN BEYOND ALL DOUBT, THAT

JENKIN'S HAIR RESTORATIVE

WILL BRING THE HAIR

ON BALD HEADS!!

It cures the Suppressed Secretions,
which are productive of the loss of hair.
It cures the Impaired Secretions,
which invariably produce violent pains
in the head.

It cures the Distended Bulb, which forces
the shaft of the hair from the capillary Sac.
It cures the Hair Falling,
Scaly Eruptions of the scalp,
and Dandruff of the Hair.

The Hair Restorative
is purely vegetable, and its operation is the result of many
years of practical experience.

The following gentlemen have used the RESTORATIVE
with good effect, and kindly give their names as referees:
Hon. C. H. Bryan, ex-Judge Supreme Court. Hon. Geo.
N. Hall, ex-Judge District Court. Yuba county. E. R. Rice,
Hon. Josiah O. Gooden, County Judge. Yuba county. E. R. Rice,
Hon. J. C. Cronk, Esq. John Nash, Esq., C. P. Robinson,
Esq., L. P. Brown, Esq.
Persons only by JOHN C. JENKINS, the Hair Restorative,
at Ferguson's Old Hair Cutting Headquarters, two doors
west of George C. Perkins' Grocery Store, Montgomery Street,
OROVILLE.

PRICE—One Dollar per bottle.

WHERE DOES THE MONEY GO?—A cor-
respondent from Florida, writes to the
Philadelphia Age in these words: "I
think the Northern taxpayers, who make
their living by hard labor, should know
that for months the government has been
distributing free rations to the negroes
in this State. In Leon county, where
the negroes registered about 2700 vot-
ers (2666), some 35,000 rations were
issued last month alone. Do you give
free rations to the laboring classes of the
North?"

To this the Age replies: No. Free
rations are not issued to poor men here.
More than that, if they do not pay their
taxes promptly, which buy meat and
bread for the idle negroes of the South,
the iron hand of oppression will be laid
upon them with no velvet touch. Many
a family in the North is pinched and
limited in food and clothing, in order
that its head may pay taxes to be ex-
pended upon able bodied negroes. Is this
fair, honest or equitable? Should intel-
ligent white men be treated in this man-
ner? Why should white children go
supperless to bed, or shoeless to school
in the winter, or why should the whole
business of the North be crushed by
such a system? If white men work, why
should not negroes toil? These are facts
to come home to the counting-house of
each merchant, the humble dwelling of
each workman. They are not parti-
san. They are personal and practical.
The Freedmen's Bureau costs from
twelve to fifteen millions per annum.
Will white workingmen support the
radical party in order that it may be
continued?

The New Haven Register, with an ar-
ray of facts and figures too formidable
to deny, shows that Radical rule is cost-
ing the people one thousand dollars a
minute, night and day, the year round.

English society was very much dis-
turbed lately by a serious question. The
Queen gave a breakfast in Buckingham
Palace garden, and no one could decide
what kind of dress it would be proper to
wear. The anxiety was relieved, so far
as gentlemen were concerned, by the an-
nouncement that they were to wear eve-
ning coats with morning trousers, but
the perplexity of the ladies was as great
as ever.

At the annual sale of Kentucky horses
at Woodburn, fifty-four head of yearlings
brought \$21,912, an average of more
than \$405 each.

THE "DUTCH FLAT SWINDLE."—The Ne-
vada Gazette says: One of the locomotives
now running on the railroad in the
State of Nevada, is called the "Dutch Flat
Swindle." This was the name given to the
Central Pacific road by the

B. F. MYERS... of Placer
J. BURKHALTER... of Mariposa

FOR CONGRESS—FIRST DISTRICT.
S. B. AXTELL... of San Francisco

FOR CONGRESS—THIRD DISTRICT.
JAB. A. JOHNSON... of Sierra.

A WORD TO OUR FRIENDS.—After a thorough experience of six years in the business, we have at last come to the conclusion that publishing a newspaper and not receiving sufficient pecuniary support to pay the expenses, is to say the least, not a very profitable occupation. If a paper in this county, can, through the partisan action of sworn officers of the county, draw sufficient "pup" from the tax payers to pay the entire expenses of the amount received from outside sources is, as a matter of course, more than sufficient to warrant the proprietor or conductors in keeping the institution in running order. The Republican organ in this county may possibly, be making a small fortune every month for its managers, but we frankly admit that with us the case is different. We would like to continue the publication of the Union in Quincy, and if we receive a support sufficient to justify us in so doing we shall continue in the business at the old stand. What say the Democrats and other citizens of the county? Do you wish the Quincy Union to survive or perish? It is for you to determine and that quickly. If the citizens of Plumas will give us a fair support we can and will give them as good a country newspaper as there is in the State. We do not at present, intend to discontinue its publication for several weeks at least, and it is for our friends to decide whether the Union shall be discontinued or shall remain one of the permanent institutions of the county.

REPUBLICAN IDEAS.—Geo. C. Gorham is justly considered the leader of the Republican party in this State, consequently the political views advanced by him are regarded as the true principles of the party. At a speech at Reno a few days since, he stated that "the negroes made better citizens, were more intelligent, and more justly entitled to the elective franchise than the white men in the South, and that he knew the Republicans in Congress would welcome negro representatives from those States to the Hall of the National Capitol, with pride and in all respects recognize them as equals before the law." We are pleased to state that the remark was received with hisses, and George left the stand in disgust.

EDITORIAL VISIT.—Geo. H. Crossette, Esq., Editor of the Butte Record, shed the light of his comely countenance upon our sunken, one day last week. He was on a health-recruiting expedition and after remaining in Quincy one day, left for the Big Meadows, where he intended to locate for a few days. Mr. Crossette, owns and drives a span of matched horses before a handsome carriage, and from appearances, we should judge that he was about the editor of the only country paper in the State, who was making money enough out of the business to warrant such "style." We congratulate him upon his success.

George Gorham will canvass the State for Grant and Colfax.

THE SEYMOUR ELECTION.—The election that took place on Tuesday of last week, resulted in the re-election of the old Board of Supervisors by a large majority of the votes cast. There are at least 1,700 legal votes in the county, but at the recent election referred to, less than 700 votes were polled, and yet the official organ of the Supervisors considers that the result of the election as an emphatic endorsement by the people of their action on the bond question. The organ claims no party triumph—"tis well"—if the Supervisors by their acts, shall prove that they see it in the same light, we shall freely admit that we were greatly mistaken in our expectations and calculations. Now that the election is over, we take this opportunity to denounce and brand the statement heretofore made and reiterated in last week's National, to the effect, that the attempt made to induce Democrats to make a party issue of the election, was in the interest of the "bond swindle" or in the interest of any Railroad company, as a bare faced, willful and unmitigated falsehood. The Democratic candidates were as strong anti bond men as the Republicans, but we will admit that that portion of the resolutions adopted by the District Convention which pledged the candidate to resign, did not meet with our approval. We are opposed to such kind of expensive strategy. We desired to see a candidate nominated, who, if no compromise which would have been satisfactory to the tax payers could be legally entered into, would have refused to issue the bonds, even if an order from the Court had been served upon him, and who would have accepted the situation and fought it out on that line if he had been compelled to lie in jail for contempt of Court until the Legislature could meet and amend the law or the Railroad Co. complete sections of the road in the county. Such a candidate could have been found, and such a candidate should have been elected instead of a man who is afraid to assume the responsibility and prefers to resign and force the people to pay the expenses of elections to re-elect him every three or four months. The cry was, that no legal compromise could have been made, no matter if the Supervisors and the Company were perfectly willing to do so. That idea must have originated in the brain of an interested legal adviser. It is a foolish proposition. We do not say that a satisfactory compromise would have been made, but we do say, and we challenge the learned adviser of the county to dispute the proposition, that, if the parties were willing, a compromise could have been entered into. The law does not force the R. R. Company to present its subscription books to the county, neither does it force the company to receive the subscription to the capital stock, unless so disposed—the forcing is all on the other side—consequently, if the members and officers of the R. R. Company had filed their affidavit with the Supervisors to the effect, that the books of the company should not be presented to the county for the subscription, provided for in the law, until twenty miles of the road had been built, would not that have been a legal compromise? We have no authority to state that such an arrangement could have been made, but we do know that it was not the intention of a majority of the members of the company, after they saw the feeling of the people in the matter, to force the Supervisors to issue the bonds without they could give satisfactory guarantees that the road would be built within a stated time. What course does the present Board propose to pursue, provided suit now pending should be decided at the next term of the District Court? What if the Judge should decide that there was no merit in the case on the part of the people? Does any one suppose that the Attorney General of this State under such a state of facts, would allow the case to be carried before the Supreme Court on an appeal? If not, would the Supervisors again resign? Would they again be too cowardly to assume the responsibility of refusing to issue the bonds if ordered to do so by the Court? As the matter stands at present we do not believe that the R. R. Company would hold any consultation with the present Board, or enter into any agreement with them, for the reason, that while the company acted in good faith, the Supervisors forfeited their word to them, disregarded their agreement and acted more like a set of "damphools," than business men. We believed that it was for the best interests of the people of Plumas county to elect a Democratic Board of Supervisors, and we honestly believe that but a short time will elapse before the people themselves will come to the same conclusion. The damnable law was engineered through the Legislature by a Republican Senator and a Republican Assemblyman, and by the statements made by Republicans, the Governor was induced to affix his signature to the bill. A Republican Board of Supervisors was in office—they became demoralized, got badly scared and re-

signed their office, rather than to assume the responsibility of protecting the interests of the people, and they have been re-elected—"tis well"—we wish them joy, and hope that those, especially Democrats, who assisted to re-elect them, will have no reason to regret their course. We do not blame the Republican clique for making such strenuous, and as it proved, successful efforts to induce Democrats to believe that it was not, and should not be a party question. They well knew that on a party issue, they could not carry a district in the county, but by strategy they have succeeded in securing control of the county government for the next two years. It must be a pleasing consummation for "No Party" men to contemplate.

CALIFORNIA & VIRGINIA CITY RAILROAD. Notwithstanding the efforts of a certain clique in Plumas county marshalled and led by H. L. Gear, the young gentleman who recently aspired to be a candidate for Congress in this District, who have been endeavoring to steal the franchise from the original corporators and to prevent the accomplishment of the enterprise—the building of the California & Virginia City Railroad is now reduced to a moral certainty. We learn from a most unquestionable source that negotiations have been effected which leaves not the shadow of a doubt upon this subject. In view of this fact, we congratulate the people not only of this section of the country but of California, Nevada and the Eastern States generally upon the certainty of having, ere long, a practicable Railroad across the Sierras which can be traversed at all times and seasons instead of one like the Central Pacific, or "Ladder Route," which is impassable during the winter season, and which cannot be protected from more than Siberian falls of snow by the strongest built sheds. Within a reasonable time we shall hear and see the iron horse snorting and rushing along the banks of Feather River, below the snow line, and over the summit of the Sierra at so low an altitude that he can never be obstructed by the storm-kings—bearing in his train armies of passengers to and from the Eastern States and the rich and portable articles of commerce from the Orient which the wants of the people require. The contemplation of the fact that such a scene is not the "baseless fabric of a dream," but a soon-to-be-sober reality, should at once close the mouths of all the croakers which we have among us, and incite them to energetic action in anticipation of the grand and glorious event, instead of mourning over an anticipated loss of trade, "the town having gone in," thereby paralyzing in some measure the energies of all who believe in their gloomy and false predictions.—Butte Record.

THE CENTRAL COMMITTEE.—A number of Democrats in the county have informed us that they did not approve of the action of the County Central Committee in calling conventions to nominate candidates for Supervisors. Some of them to our certain knowledge, found considerable fault with the Committee last year because they did not call a Convention to nominate a Supervisor for the 22^d District, hence, they cannot claim a large amount of consistency. In our opinion the Committee acted wisely in calling the conventions. We believe that they are honest and trustworthy members of the Democratic party in Plumas county, who are qualified to fill any office in the county or State, and until we are convinced that such is not the case, we shall always favor the party making nominations, and if the conventions nominate men worthy to receive the support of the party we shall favor their election. So far as the election of Supervisors was concerned, we still believe that the members re-elected, acted without judgment, that they, by being afraid to assume the responsibility of refusing to subscribe for the stock of the R. R. Co., as by law required, forced the county to a large and unnecessary expense, and we further believe, if the question should again arise, they would act in the same manner. The cry of "no party" election is all bosh; they have been, and so long as they remain in office, will be as prejudiced a set of partisan officials as could be found in the county. We believe that it would have been for the interest of the county to have elected a Democratic Board, but as the official organ says, a large number of the Democrats considered that they were under obligations to re-elect the old Board, and done much to bring about such a result. The Committee could not do otherwise than issue a call for the conventions, and if the delegates to the conventions had seen fit to make no nomination, it could not have been charged that the members of the Committee failed to do their duty. So long as there remains a party organization in the county, we shall favor the long established custom of selecting the best men for office and supporting them.

Governor Seymour is fifty-seven years of age. Frank Blair is forty-eight years of age.

HEUSTON, HASTINGS & CO.

Heuston, Hastings & Co.
ARE THE

FASHIONABLE CLOTHIERS
OF

SAN FRANCISCO.

SPECIALITIES.

OR FEMALE, to sell our new and splendid Engraving "From Shore to Shore," suggestive of Life's Journey from Childhood to Old Age. A perfect gem. Also, for the "Empty Sleeve," and other Engravings. Address Pacific Publishing Co., San Francisco.

Administrators' Notice.

Estate of CHARLES AUGUSTUS HANCOCK, deceased. NOTICE is hereby given by the undersigned Administrator of the above named estate to the creditors of, and all persons having claims against said deceased, to exhibit the same with the necessary vouchers within ten (10) months from the first publication of this notice, to the undersigned at the Office of the Attorney, John R. Buckner, at Quincy, Plumas County, California. CHAS. A. HANCOCK, Administrator.

Notice.

NOTICE is hereby given that an assessment of Ten dollars per share on the Stock of the Oroville & Virginia City Railroad Company is due and payable at the Office of the Company in Quincy, Plumas County, Cal., within thirty days from date. All shareholders are requested to make payment on or before that time or such assessment will be promptly collected in the manner prescribed by law. R. C. CHAMBERS, Secretary.

Notice to Creditors.

In the matter of the Estate of CHARLES BROWN, deceased, In Probate Court. NOTICE is hereby given by the undersigned Administrator of the above named Estate, to the creditors of and all persons having claims against said Estate, to exhibit the same with the necessary vouchers within ten (10) months from the first publication of this notice, to the undersigned at the Office of the Attorney, John R. Buckner, at Quincy, Plumas County, California. THOMAS L. HAYWARD, Administrator.

The Democrats in South Carolina, much to the disgust of the Republicans, have secured a large majority of the negro vote.

Gen. Sigel, the popular leader of the Germans through the war, has declared for Seymour and Blair, and will canvass the Western States. All those who "fit mit Sigel" when fighting was necessary, will vote "mit Sigel" in time of peace.

The N. Y. Herald has given up all hopes for Grant's election, and comes out for Seymour and Blair.

FLORENCE
SEWING MACHINE

CLEAN SWEEP OF THE PREMIUMS
IN 1897.

GOLD MEDAL AT AMERICAN INSTITUTE FAIR, NEW YORK.
GOLD MEDAL AT FAIR OF THE MECHANICS' ASSOCIATION OF LOWELL, MASS.
GOLD MEDAL AT MARYLAND INSTITUTE FAIR, BALTIMORE.
FIRST PREMIUM AT NEW ENGLAND A.G.L. FAIR, PROVIDENCE.
AND AT THE NEW YORK STATE FAIR, BUFFALO.

THE FLORENCE WAS AWARDED
A Silver Medal at the Paris Exposition.
Silver Medals being the highest Family Sewing Machine. The Gold Medals were awarded thus: One for Button-hole Machine, and the other to the original inventor of Sewing Machines.

Report of the Judges at the Great American Institute Fair, New York City, 1897.

The whole number of Sewing Machines on exhibition is estimated at over 100,000. The Florence Sewing Machine is declared to be the best on exhibition. It must be also stated incidentally that this is better than any other class known to the judges. (Note—The Board of Managers determined to close the standard of excellence in articles on exhibition by declaring to give the first premium to any article unless it was pronounced by competent judges to be of great utility, and equal or superior to any like article known to them, whether on exhibition or not.) Its merits are:
First—Good material and thorough workmanship.
Second—More durable than any other machine.
Third—The ingenious arrangement for adjusting the thread during the passage of the shuttle, and gathering up of it in the fall of the stitch.
Fourth—The Needle-Feed.
Fifth—The variety of work which can be done upon it.

The Committee on Family Sewing Machines

At the numerous Fair held on the Pacific coast in the last four years, have unanimously decided in favor of the Florence, this machine having taken every First Premium since the Agency has been established in California. Among the gentlemen who acted as Judges are: Honorable Messrs. Thomas H. Brown, George Schumacher, Samuel Blair, S. N. Andrews, Thomas C. McCallie, A. J. Hines & Co. and S. O. Brigham—men well known as being among the first and best mechanics in the States—establishing beyond question the superiority of the Florence as a Family Sewing Machine.

LOCAL ITEMS.

COUNTY COURT.—County Court meets on Monday next.

BALL.—A Ball was given at Blunt's, in Big Meadows, on Tuesday night last.

SOLD.—Mr. W. W. Squires has sold on his interest in the blacksmith shop in this place.

SHOP.—Mr. Kiser has opened a Sho Shop in this town. It is located next door to the Blacksmith shop.

TO LEAVE.—We are sorry to learn that Mr. A. A. Cooper of Taylorville, intends removing to Chico in a few weeks.

SOLD.—M. S. Aschheim has sold out his stock of goods at Greenville, to Messrs. Aschheim & Bro. of Taylorville.

FOR RENO.—J. J. L. Peel and family passed through this town on Tuesday last, on their way to Reno. Success attend you, J. J.

ARRIVED.—The castings for the vault in the Clerk's office have been received and the masons will commence repairs next week.

CLUB MEETING.—The regular meeting of the Democratic Club will be held at the Court Room at 7 o'clock this evening.

FAST TIME.—Gen. Wood's line of stages is now making the through trip from Oroville to Susanville in 24 hours. That beats the railroad time by the Reno route.

CHEAP.—Fruit peddlers from the lower country have been very numerous in this section of late. They are selling peaches at 6 cents per pound.

BUNKER HILL.—The Bunker Hill Co. on the East Branch, finished cleaning up a short time since. The claim averaged good wages for the whole work done.

SLOW TO LEARN.—A number of the lower county papers persist in locating La Porte in Sierra county. La Porte is in Plumas—please make a note of the fact.

TO TAXPAYERS.—The Board of Equalization will meet on Monday next, the 7th inst. to equalize and correct the assessment roll of the county for the present year.

CLEANING UP.—Tucker, on Indian Hill, has commenced cleaning up in his claims. Present appearances indicate that he will take out a large amount of valuable dust.

SHAKES.—We are sorry to hear that some of the citizens of Indian Valley are troubled with that well known Chico disease, commonly called "chills and fever."

ELECTED.—S. O. Hughes, formerly of this county, has been elected one of the County Commissioners of Owyhee county, Idaho. He was nominated and supported by the Democrats.

REPUBLICAN SPEAKERS.—Hon. J. Bidwell, J. F. Miller, E. D. Wheeler, C. B. Denio, C. Edgerton and C. Harrison, are advertised as the Republican stump speakers to canvass this county during the campaign.

DISTRICT JUDGE.—Judge Sexton is still holding Court in San Francisco. Judge Pratt will probably preside at the District Court in this county, during the next term which commences on the 27th.

SCHOOL.—The Trustees of the Quincy School District, have engaged Mr. Dodge, as teacher for the ensuing eight months. Mr. Dodge holds a first grade certificate, and has the reputation of being an excellent teacher.

FOR THE FAIR.—Dr. Cate's mare, Kitty Wells, and J. W. Thompson's horses, Plumas and Dave Hill, together with two or three other horses, have been taken to Marysville to attend the races at the Northern District Fair.

ACCIDENT.—On Thursday last, Mr. W. W. Hendon of Humboldt Valley, was seriously injured by being run over by a wagon. His head was badly bruised and the skull broken. It is feared that his injuries will prove fatal.

FRESH FISH.—To Sheriff Yeates, who recently visited Mohawk Valley, on an official visit, to notify some of the citizens of that locality that their presence upon the next Grand Jury was demanded, we are indebted for a nice lot of Mohawk Valley trout. Thanks.

NEW YORK.—Col. Perkins, the efficient Superintendent of the New York Quarantine, has purchased the Wilson mine, and is also sinking a shaft on the new ledge and is getting out some very good rock.

MAIMED.—We learn that Mr. J. B. McGee has sold his interest in the Mammoth Mill and Mine at Jamison, to Messrs. Byers, Nave, Elwell & Co. We are sorry to hear that Mr. McGee intends leaving the county. He will settle in one of the lower counties of the State.

PROSPECTING.—M. S. Aschheim has several men at work in the Pennsylvania mine in Indian Valley. Mr. A. intends to thoroughly prospect the ledge before the time of the redemption under the Sheriff's sale expires, and if he is satisfied that the mine is valuable, we presume that he will redeem it, and vice versa.

has returned. Of this fact, we have proof positive. It came one day last week in the shape of a large bundle of Eastern papers and pictorials. Stratman was one of the delegates to the Chicago Convention, and as a matter of course, is decidedly in favor of Grant's election, but notwithstanding that fact, he can, and will supply his customers with Democratic papers, provided they order them. Major, accept our thanks, and may you never weary in well doing.

SOLD AGAIN.—We admire innocence. We admire simplicity, consequently we are a great admirer of the editor of the official organ of this county. The editor aforesaid, has been to Humboldt Valley. He stopped over night at Gen. Wood's Hotel. In the morning when ready to leave, the General refused to receive any pay for the accommodations, whereat, the editor was highly pleased, immensely tickled, and in his last week's paper, gives the General a proper puff. Now, the facts in the case are as follows: Upon the arrival of the editor, the General gave instructions to collect the pay in advance, remarking at the same time, that he couldn't trust a Republican editor, without baggage, over night. A Democrat who was standing by, offered to bet the General that the editor wouldn't leave during the night, provided he would recall the instructions. The Gen. accepted the bet, and at the same time agreed that if he lost, he wouldn't charge a cent for keeping said editor. The order was recalled, and sure enough the General lost the bet. The editor didn't leave, and the General wouldn't accept of any pay. It will doubtless seem strange to many, that any man could have been found who would take such desperate chances as betting on a Republican editor, but the truth is, the better had "the go" on the General. He owed the National office a bill of \$4, and he knew that the editor would not leave until he collected it, consequently, as soon as the bet was made, he left that locality, and notwithstanding that, the editor sat up until midnight, watching for him, he kept himself out of sight until morning, when he came forward and paid the bill, having won more than that amount from the General. It was a "d-d tight squeeze," but it will be "tighter" still, if the aforesaid editor should repeat his visit to Humboldt, and the General gave him a very broad hint over our shoulders that such would be the case, and yet, in his innocence, the editor of the National didn't see the point. Have you any more Hotel experiences to relate?

THE ANTI BOND DODGE.—We have received information from a reliable source, that certain leaders of the Republican party in this county are setting another trap in which they hope to be able to catch a few Democratic gudgeons and thereby succeed in securing the election of Republicans to office next year. The proposition has already been made to have a "Mass Convention" called to nominate a candidate for the Legislature on the anti-bond platform, and we are sorry to say that certain parties who claim to be Democrats, favor the proposition. Democrats of Plumas, we caution you against signing any such petitions or calls, do not allow yourselves to be duped again. Plumas county was represented by two Republicans in the last Legislature. Have you not had enough of such representation? The Republics are well satisfied that they cannot elect a candidate on a party issue, and hence, they are attempting a little more strategy. If there is not a Democrat in the county able, competent, honest and worthy to represent the county in the Legislature, we would suggest that one be imported for that express purpose, or if one cannot be found, then it would be preferable to let the county go unrepresented than to elect a Republican. The anti-bond dodge worked so well to their benefit that the Republics intend to fish in the same hole as long as a sufficient number of suckers can be found to warrant them in so doing.

ALL THE SAME.—A short time since a gentleman in this county, who gives employment to about forty men, and who settles his bills at the end of every month, was presented with his monthly bill for the boarding house. The amount charged in the bill was unusually large, and not knowing any reason for such an increase, he went to the boarding house keeper and asked him the cause. The keeper, who is one of "Erin's Sons," replied that "the men had eaten every ounce of it, to be sure." The proprietor, not being satisfied, went to the Mistress of the boarding house, and after asking the same question, was informed that "sure, and the butcher left about 80 pounds of beef during the month which was not fit to use, and they fed it to the hogs." As a matter of course the explanation was satisfactory, but having caught, as he supposed, the man in telling a "fib," went back and accused him of it, but weakend when told that "sure, and it was all the same, if the men did not get the beef on the table, they ate the pork, and it amounted to the same thing." There is logic for you.

CHEROKEE.—The little town of Cherokee in Round Valley, presents the most lively appearance of any of the mining camps in the county. The town is yet in its infancy, but there are already four saloons, two stores, three boarding houses, one hotel and a half a dozen private dwellings. Several other buildings will be put up this fall. In speaking of Cherokee, a friend remarked to us, that it bore a strong resemblance to a "40's store bill, which read: "Whiskey and bacon, whiskey, whiskey, flour, whiskey whiskey, yeast powder, whiskey, etc., etc."

LEAVING.—The moving man has again attacked a large number of our people, in fact, we believe the disease is rapidly extending and that Plumas will lose more citizens this year than for years before. Some of our heretofore most prominent citizens, have already left, and others are preparing to follow after during the present Autumn. Some of them go to Sacramento Valley, others to the Coast Range.

SPIRITUALISM.—Benj. Todd, Esq., has been delivering a course of lectures on Spiritualism in this town during the past week. He lectures to night, to morrow night and the night after. Mr. Todd is announced to speak on Tuesday and Wednesday evenings of next week. The meetings are held in the Court Room.

CALEDONIA.—The Caledonia Mill at Cherokee, commenced crushing rock again on Monday last. The owners of the mill, H. C. Bidwell & Co. have been sinking their main shaft for the past three months, and on the 22d ult., struck the ledge at the depth of 150 feet. From a personal examination we are satisfied that the quartz is rich, better, in fact, than any heretofore found in the upper levels. The ledge is about four feet wide, and the rock is of the variety known among quartz men as rose quartz. The sinking of this shaft and the striking of the ledge at such a depth greatly enhances the value of the mine. It proves that the supply of good rock is almost inexhaustible. As now occupied a few men can easily take out a sufficient quantity of quartz to keep the mill constantly supplied. The mill is built directly over the ledge and the rock is hoisted from the shaft and dumped into the quartz room. As we have heretofore stated, we consider the Caledonia mill, when taken in connection with its situation at the mine, as the best arranged and most complete in all its departments that can be found in the county. All the water necessary for the use of the mill is raised from the shaft by a steam pump. A cross cut or drift is being run to strike the Dunlap ledge, which runs parallel with the Caledonia, and about 30 feet north. Some very good rock has also been taken from this ledge. We congratulate Mr. Bidwell and the other owners of the ledge upon their prospects, which are indeed most flattering, and in this connection, we will do Mr. B. but justice when we say that he has proved himself to be one of the most persevering, energetic, and at the same time, successful quartz operator in the county—but men possessed of such an amount of "go aheadness," are always bound to succeed. To the gentlemanly Assistant Superintendent and Book keeper for the Company, Barnum W. Field, Esq., we return thanks for the numerous favors received at his hands during our visit to that place. He has been in the employ of the Company for several months past, and we have no doubt that they are perfectly satisfied that they have the "right man in the right place." We are convinced that Mr. F. believes in the old adage, that "order is Heaven's first law," as everything about the office and with which he is connected, bears that imprint.

KITTLE.—Jenkins & Kellogg, the owners of the Kittle mine at Cherokee, are sinking a new shaft upon the ledge preparatory to putting up hoisting works. The shaft will be 75 feet deep, and is now down about 40 feet. The timbers for the building are up on the ground and the machinery has been ordered. It is their calculation to have it in running order by the 1st of November. The development recently made by Bidwell & Co. in sinking upon the Caledonia both being upon the same ledge, proves conclusively that the ledge is not only perpendicular, but that the rock increases in value the deeper they sink upon it. The mill is running and some of the rock crushed will average at least \$12 per ton. The raising of the dam has nearly doubled the capacity of the reservoir and the present season has demonstrated the fact that the Company could easily supply two mills with water power in all ordinary seasons. J. & K. are employing about forty miners at the mines and mill.

SUDDEN DEATH.—On Saturday last, Messrs. Mullen and Ritchie happened to stop at Batcheller's old cabin on the East Branch below Soda Bar, while on their way to Indian Valley, and upon opening the door, discovered the body of a man lying upon the floor. Upon an examination, it proved to be the body of a man named Sherman, who had been living in that vicinity for a short time past. He had not been seen for several days, and the body presented the appearance of having been dead for at least two days. It is supposed that deceased died in a fit or convulsion. He was a German, and about 45 years of age.

R. R.—Mr. M. L. Stangroom, an eminent civil engineer of San Francisco, is making a personal examination of the Feather River R. R. Route. He is accompanied by Mr. Bolinger, one of the owners of the franchise. The gentleman above named, accompanied by Messrs. Kedzie and Chambers, have just returned from a trip over the road to Reno. In connection we call attention to an article from the Butte Record, which we publish in another column. The Feather River Road will be built, and that within a reasonable time, the efforts of the anti-railroad clique in this county to the contrary notwithstanding.

GRAND JURORS.—The following named persons have been summoned to serve as Grand Jurors in the September term of the County Court, which meets on Monday next: J. M. Thompson, M. B. Bransford, H. W. Kellogg, W. Blough, B. McManus, J. E. Elwell, B. F. Bobo, O. G. Howell, J. G. Halbutt, J. L. Betterton, C. W. Hyde, A. Miller, J. H. Haun, J. D. Courtney, J. Church, J. Berrin, H. C. Bidwell, H. White, G. Gralib, J. McBeth, D. Kirkham, W. M. F. Davis, S. King, J. Jom.

ASSESSMENT ROLL.—The Assessment roll of Plumas county for the year 1888 has just been completed by the Assessor and the total amount of taxable property in the county is about \$1,470,000, showing an increase of about \$600,000 over last year's assessment, but we had supposed that under the decision of the Supreme Court in regard to assessing land and the new revenue law, the amount would overrun a million and a half.

A HINT.—An article in another column contains a strong hint to those of our patrons who are in arrears, that we would not refuse to receive all money due us. We make this explanation for fear that the hint might otherwise be overlooked.

COUNTY PRINTING.—The Sacramento Reporter, in alluding to Public Printing, says: "It 'thinks the Trustees have a right to bestow their patronage wherever they please.' We will answer that they have no such right. As private citizens they certainly have, but as public officers they have no right to show favoritism, nor expend one cent of the public money more than absolute necessity demands."

SOLD.—Mr. Hartwell has sold the machinery of the American Valley flour mills to parties in Sierra Valley. The purchasers are building a mill in Smith's Neck, Sierra Valley, and expect to have it in running order in a short time. A few years ago, it was considered impossible to raise grain in that valley, but experience has proven that as good grain can be raised in that section as in any other part of the county.

AT JAMISON.—A white man and a China man got into a fight at Jamison on Sunday, and singular to relate, the Chinaman whipped his opponent. If any of our citizens at any time feel anywise belligerent we advise them to go to Jamison City, where they can "cap" up a fight in a little less than no time. A fighting man don't have to ask a Jamison Cityite to "tread upon the tail of his coat" more than once.

R. R.—The Secretary, S. F. Seabury, Esq., of the F. R. & B. P. R. Co., gives notice that a meeting of Co. will be held at Taylorville on the 18th of September.

PAMPHLET EXTRAORDINARY.—We have received from the author, E. A. Kusel, what purports to be a history of the building of the Oroville Public School House. Of course it does not concern our readers particularly, except so far the general interests of public education are concerned. The photograph pasted in as a frontispiece, shows that the people of Oroville have a very fine public school building, and the effort of the author appears to be to show that they are indebted to him for it. A person can scarcely read the pamphlet without arriving at the conclusion that it is the production of a garrulous old man. It is directed more particularly against the Editor of the Oroville Record, who appears to have been a member of the Board of Trustees while the building was in process of erection. Had the author of the pamphlet started out with a statement of the fact, that, prior to the appointment of our friend of the Record as a Trustee, Kusel had employed an Oroville mechanic to make a draft and making plans for a school house 40x80, to be one story, of brick, and covered with shakes—that the shakes were purchased and much of the lumber sawed for such a building, and it was changed for the present fine structure by the good taste of the editor of the Record, it would have been but simple justice. The author of the pamphlet seems to have forgotten to do this, and to remember that he "who tells but half the truth, is a great liar." Some propositions advanced in the pamphlet, are so absurd as to excite nothing but derision from every intelligent person. For instance, the author asserts that he coerced a majority of the Trustees to do as he desired, by refusing to sign papers as Clerk, when every schoolboy knows that a majority of the Trustees could make any appropriate order with or without the concurrence of that important personage, the Clerk of the Board. But what seems more astonishing, is the fact that the author of this pamphlet should have been re-elected to the position of Trustee by the people of Oroville. We remember that the report of a recent grand jury in Butte county, mentioned this man Kusel as being guilty of making and selling obscene photographs, but did not indict him as stated in their report, because the proof before them failed to bring his obscene transactions down to within the current year. The fine Public School building would scarcely justify the people in re-electing this man their School Trustee. He claims that the respectable tax-paying people of Oroville re-elected him. We had supposed that the Republican party had some sense of public decency and the fitness of things left, but if our information in regard to the subject is true, we regretfully acknowledge that we were mistaken. Had they possessed any respectability, or were capable of experiencing a sensation of shame, they would scarcely have re-elected as their Public School Trustee, one whom the Grand Jury of their county had mentioned as a maker and dealer in obscene photographs. The pamphlet has afforded us much amusement, and we trust the author will remember us in his next edition.

George H. Pendleton opened the campaign in Connecticut, by a speech in Hartford, on the 25th ult.

Deaths.
At Round Valley, August 29th, the only son of Mr. and Mrs. George Bellas, aged about 10 years.
At Doylestown, Pa., July 24th, W. W. Hall, aged 43 years. Deceased formerly resided on the East Branch in this county.

THE HOTEL attached to the Store will be kept open for the accommodation of the public.
